

World Bank's Ease of Doing Business Index provides objective, quantitative measures of business regulations and the protection of property rights of local firms in 190 economies, out of which 50 are ICD member countries. The rankings are determined by sorting the aggregate scores on 10 topics, each consisting of several indicators, giving equal weight to each topic. The source of the data is from Doing Business Report 2019, as of May 2018.
